## Sound Of Silence

## Simon & Garfunkel

## Capo 5

Ami

1. Hello darkness my old friend

Ami

I've come to talk with you again

Because a vision softly creeping

Left its seeds while I was sleeping.

And the vision that was planted in my brain

G

Still remains within the sound of silence.

- 2. In restless dreams I walked alone, Narrow streets of cobble-stone, neath the halo of a street lamp I turned my collar to the cold and damp. When my eyes were stabbed by the flash of a neon light That spilt the night and touched the sound of silence.
- 3. And in the naked light I saw Ten thousand people maybe more. People talking without speaking, People hearing without listening, People writing songs that voices never share, And no one dare disturb the sound of silence.
- 4. "Fools!" said I "You do not know Silence like a cancer grows Hear my words that I might teach you Take my arms that I might reach you." But my words like silent raindrops fell And echoed in the wells of silence.
- 5. And the people bowed and prayed To the neon god they made And the sign flashed out its warning In the words that it was forming and the sign said: "The words of the prophets are written on the subway walls And tenement halls." and whisper'd in the sound of silence.
