Always Look On The Bright Side Of Life
Monty Python

```
        Ami            D         G          Emi
1. Some things in life are bad, they can really make you mad.
        Ami              D       G
Other things just make you swear and curse.
            Am           D         G         Emi
When you've chewing on life's gristle, don't grumble give a whistle.
    Ami                           D⁷
And this'll help things turn out for the best.

R: And always look on the bright side of life        .
   Always look on the light side of life.
```

```
   Ami          D          G          Emi
2. If  life  seems jolly rotten, there's something you've forgotten.
            Ami           D       G
and that's to laugh and smile and dance and sing.
            Ami         D         G  Emi
When you've feeling in the dumps don't, be silly chumps.
    Ami                          D⁷
Just purse your lips and whistle – that's the thing.
```

R: And always look on the bright side of life
   Come on always look on the bright side of life

```
3. For life is quite absurd and death's the final word,
   you must always face the curtain with a bow.
   Forget about your sin – give the audience a grin.
   Enjoy it – it's your last chance anyhow.
```

R: So always look on the bright side of death
   just before you draw your terminal breath

```
4. Life's a piece if shit when you look at it.
   Life's a laugh and death's a joke it's true.
   You'll see it's all a show, keep'em laughing as you go.
   Just remember that the last laugh is on you.
```

R: And always look on the bright side of life
   Always look on the right side of life
   (Come on guys, cheer up)
